

GUIDELINES ON HOW TO CHOOSE ADVANCED ELECTIVES

Website to view course descriptions: Catalog.unt.edu (courses must be at the 3000 or 4000 level)

Students seeking a Bachelor's degree need **42 advanced hours to graduate**. If you do not meet this number with the required courses in your major, minor or core, then you will need courses called **advanced electives** to help satisfy this requirement.

- Look for courses that do not require any prerequisites that you have not completed.
- Stay away from courses that are for majors only.
